The article/review index below and the artist and art historian/critic/patron index that follows cover the first 13 years of *Woman's Art Journal*. Articles and reviews have been listed separately in each period or geographic category. Articles are listed alphabetically by author; reviews are alphabetized by book author or editor and include the reviewer. Where there are two authors, the entry is alphabetized by the first author only; in cases of three or more authors, only the first is listed, followed by et al. Some entries are listed in more than one category. Unsigned reviews in vols. 3:2 - 4:2 were written by the editor. Listings also include volume number and date of publication.

The second index contains two alphabetized sections—artists and art historians/critics/patrons. These entries can be cross-referenced with the article/review index as to category and author. Where more than ten artists were discussed in an article or review, the individual artists are not listed.
